

第1章 linux 最小化安装（字符安装）

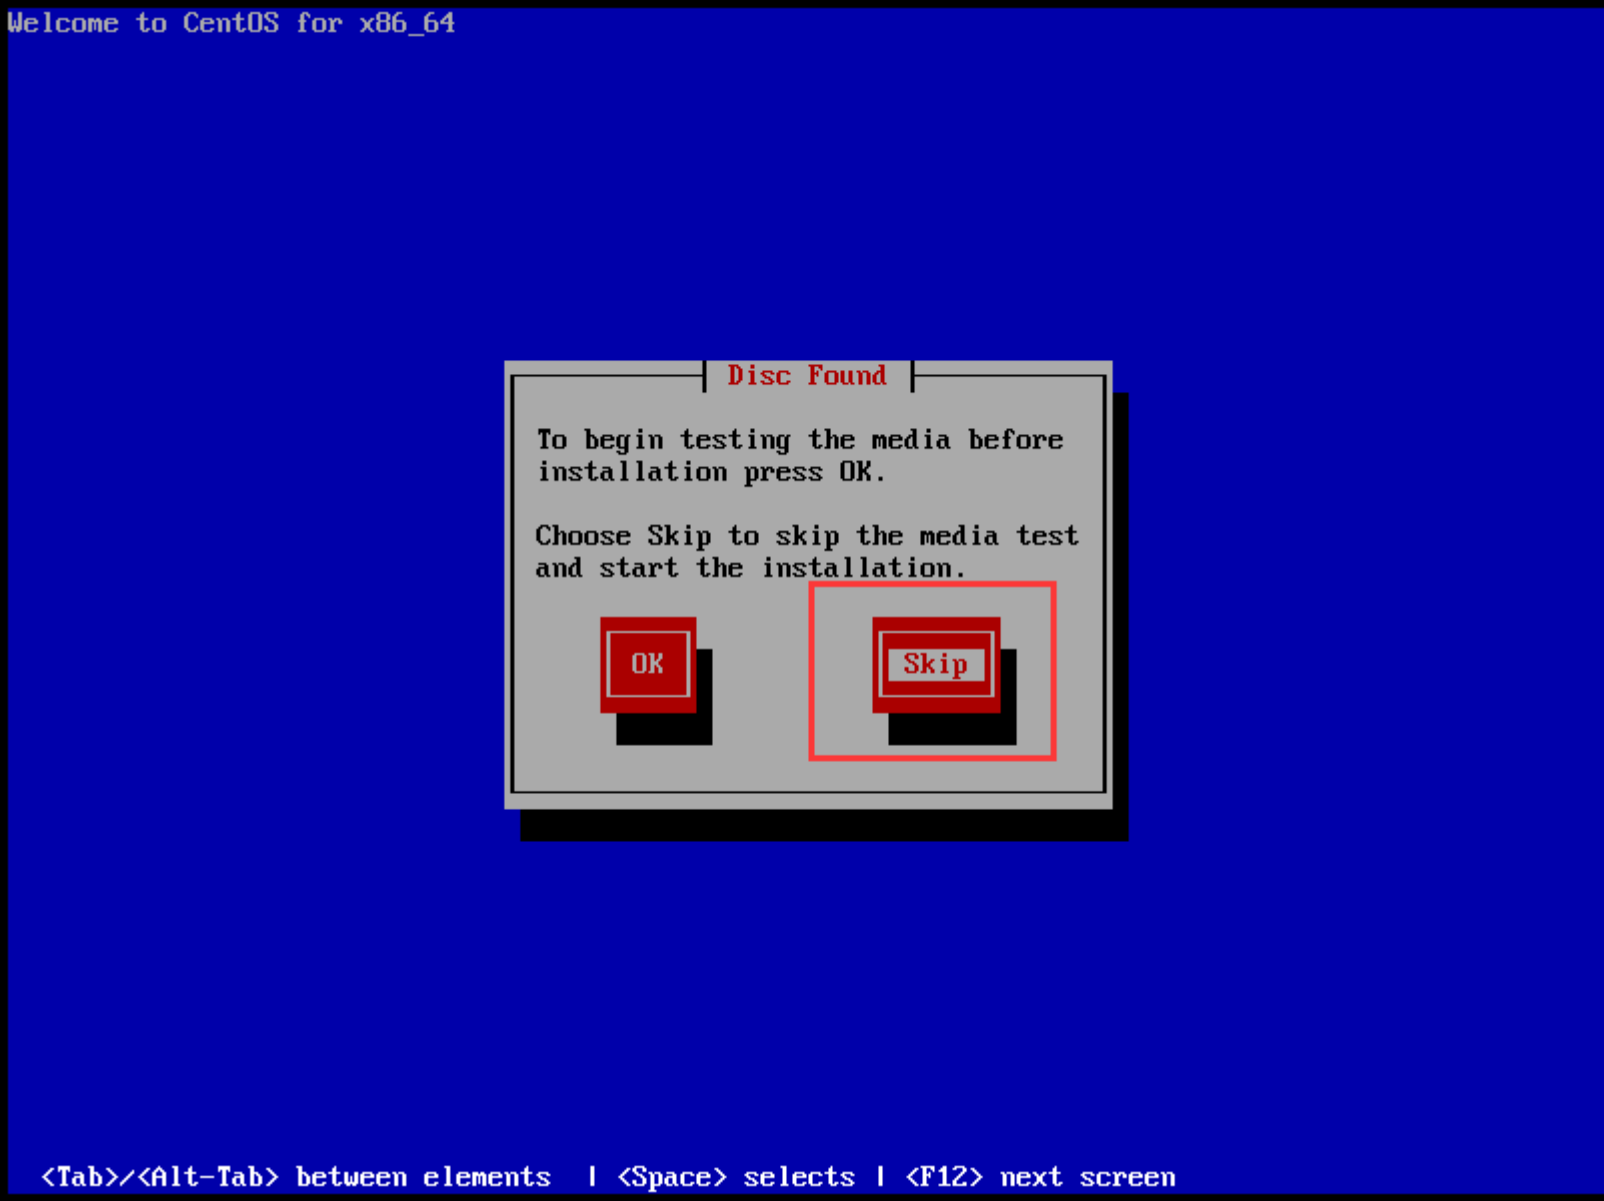

1.1 选择界面现在按 ESC，暂停默认安装

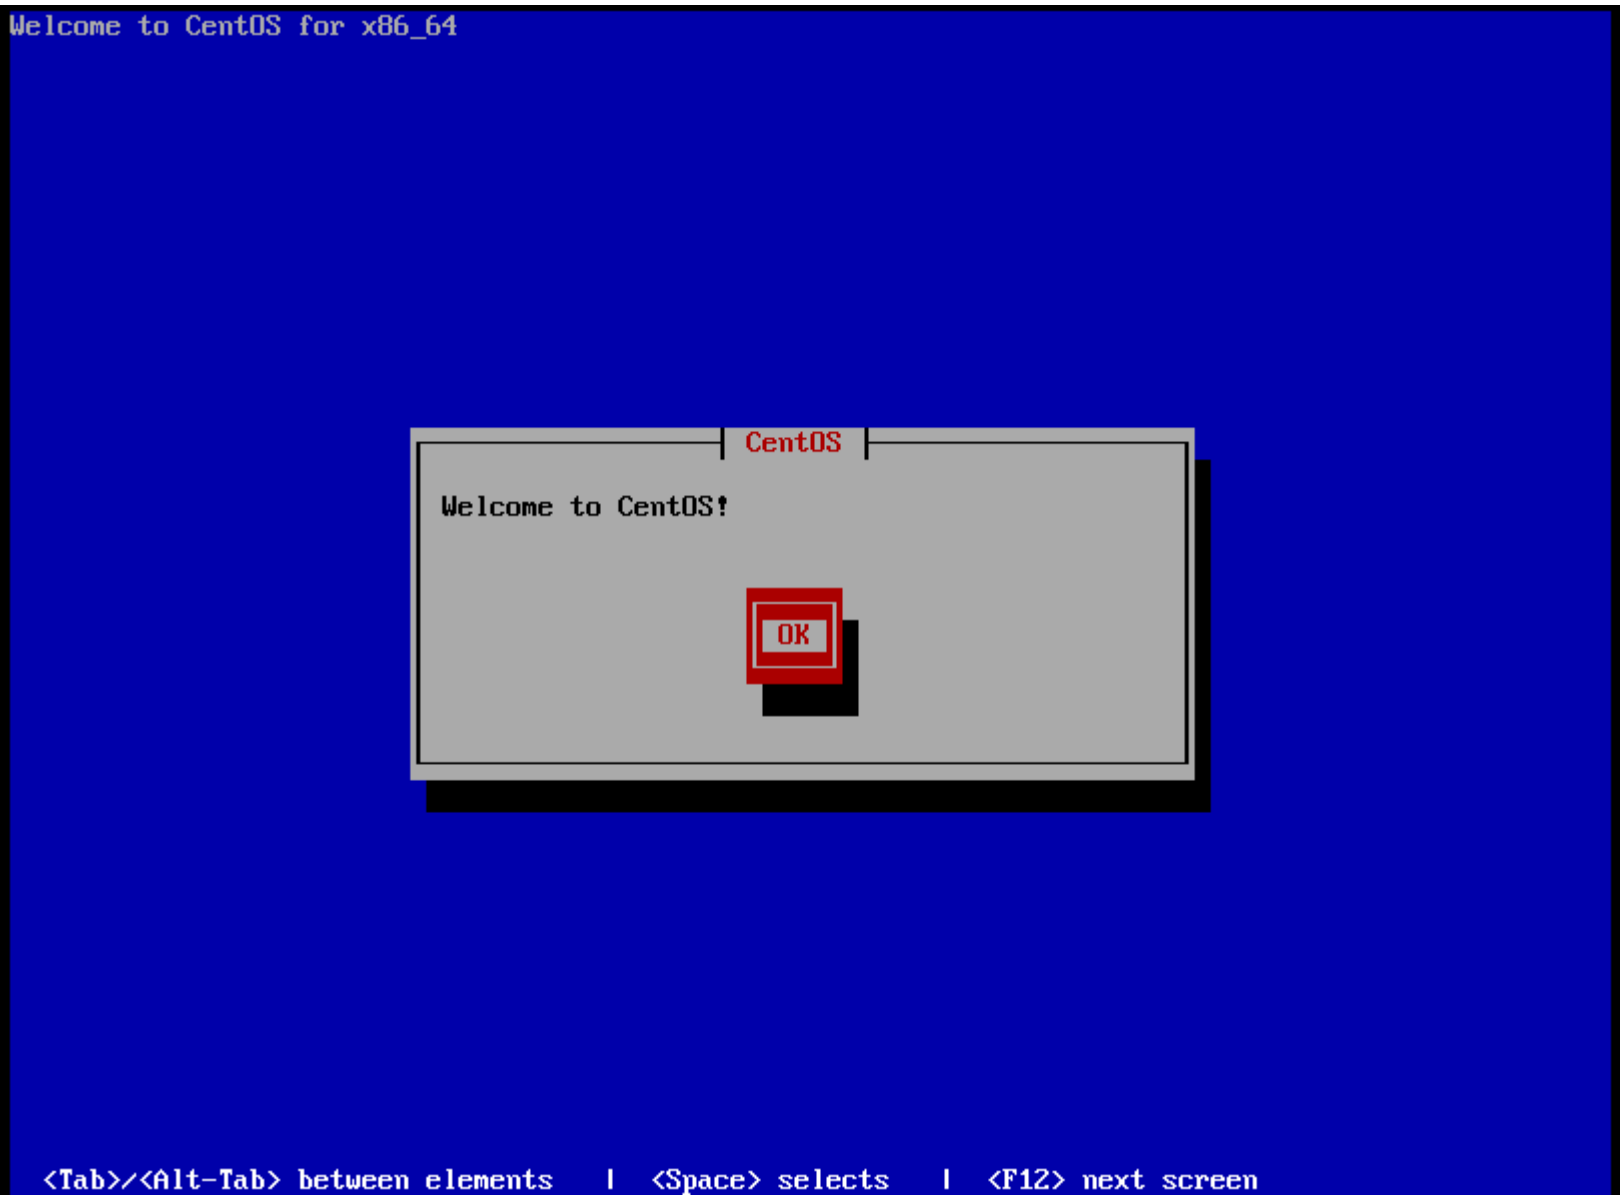

1.2 进入下面页面，输入 linux text

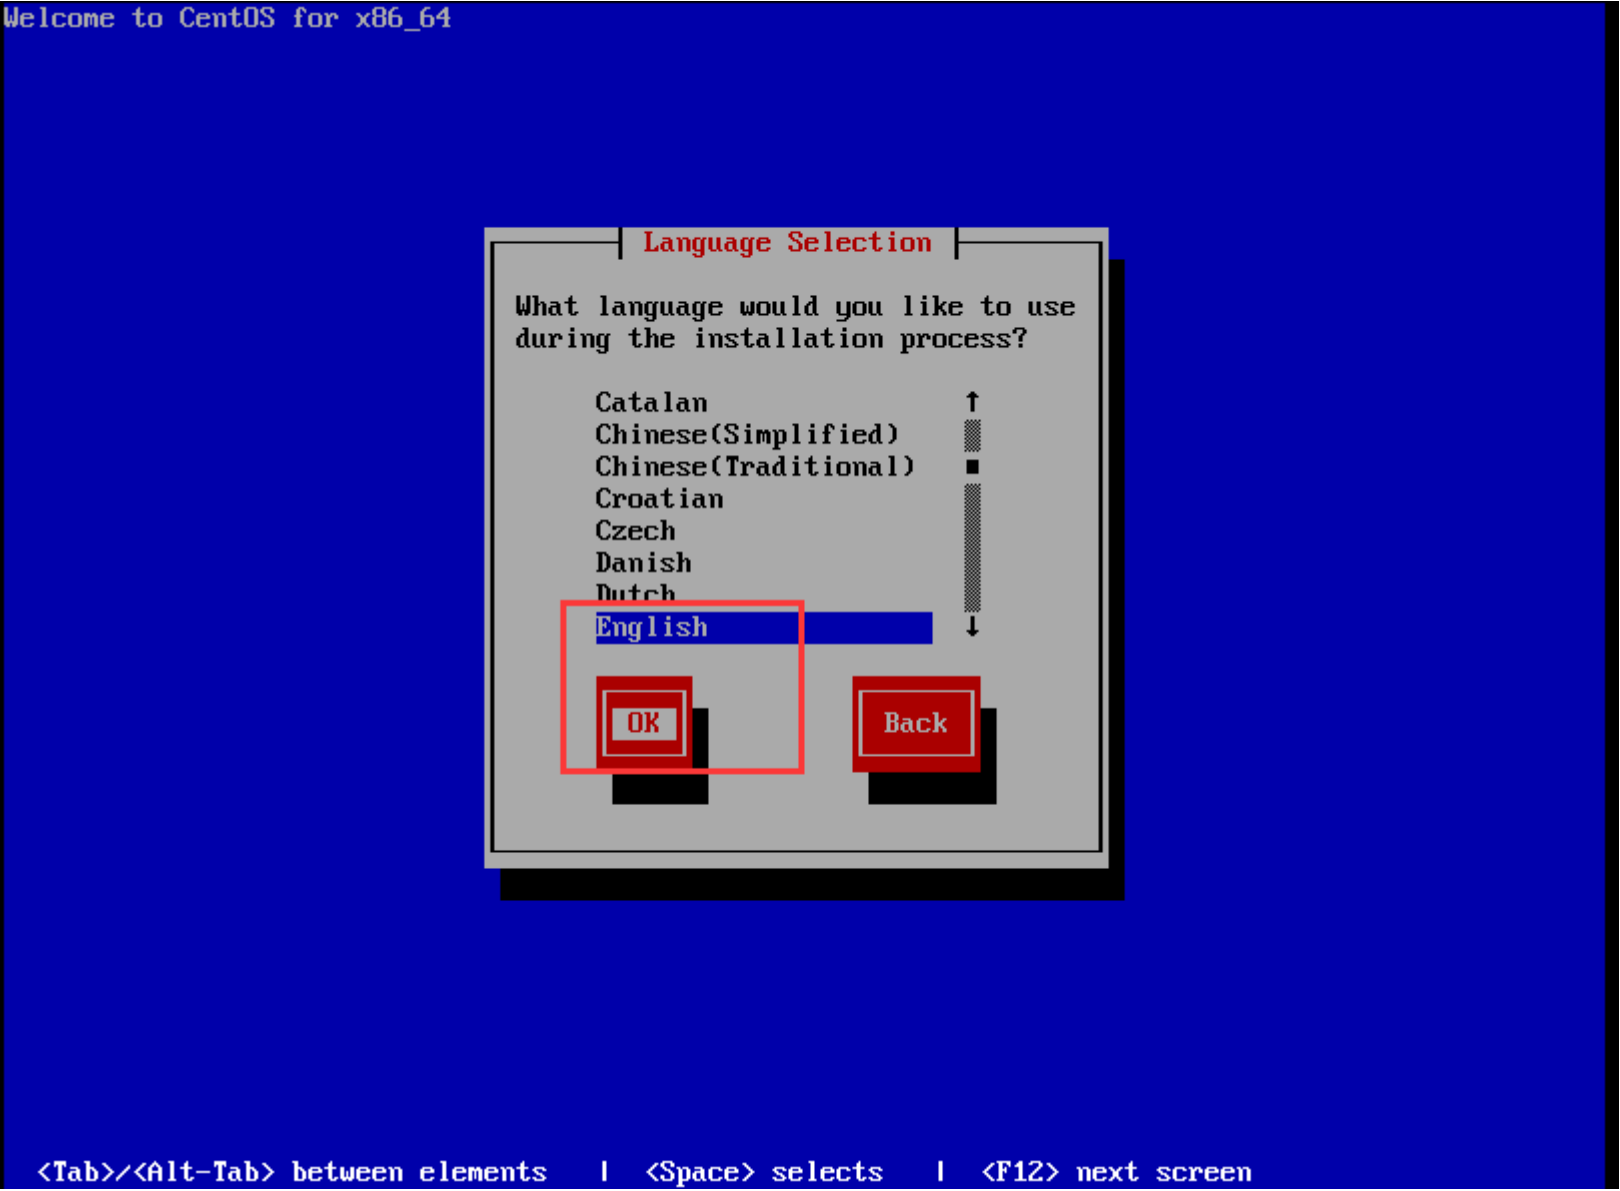

1.3 选择不测试硬盘

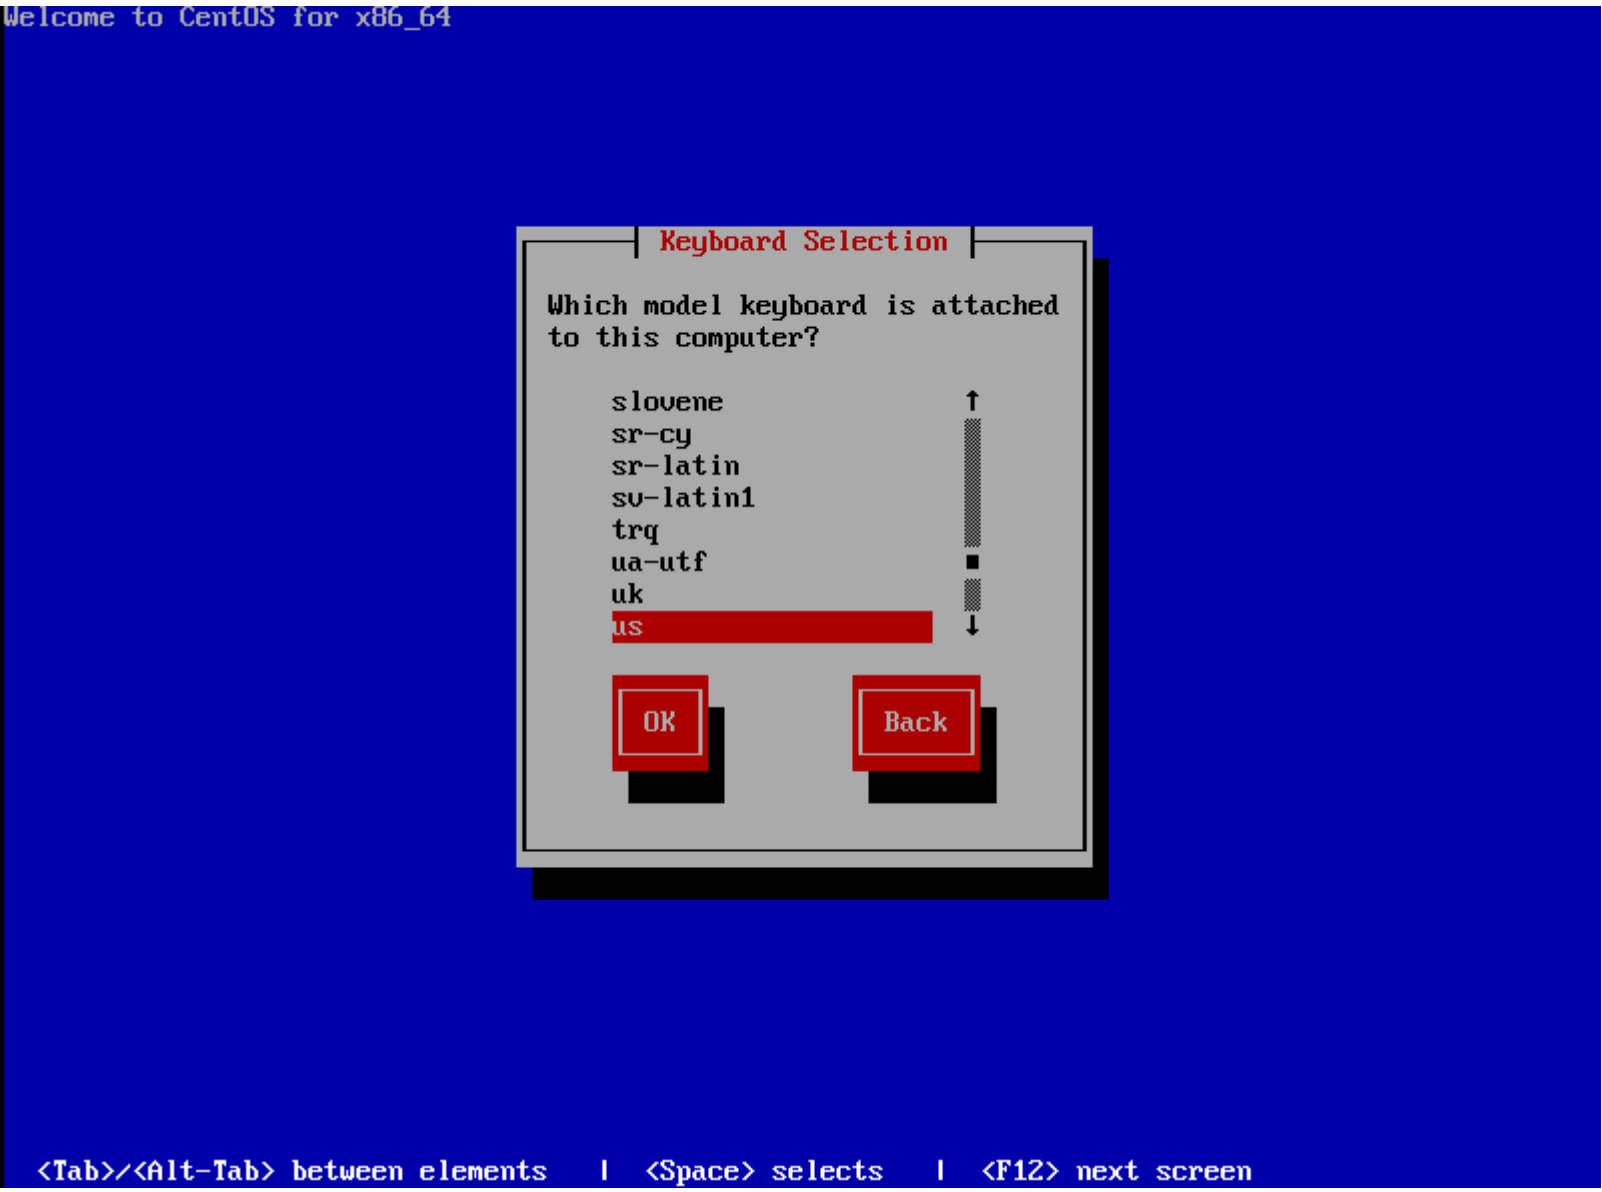

1.4 next

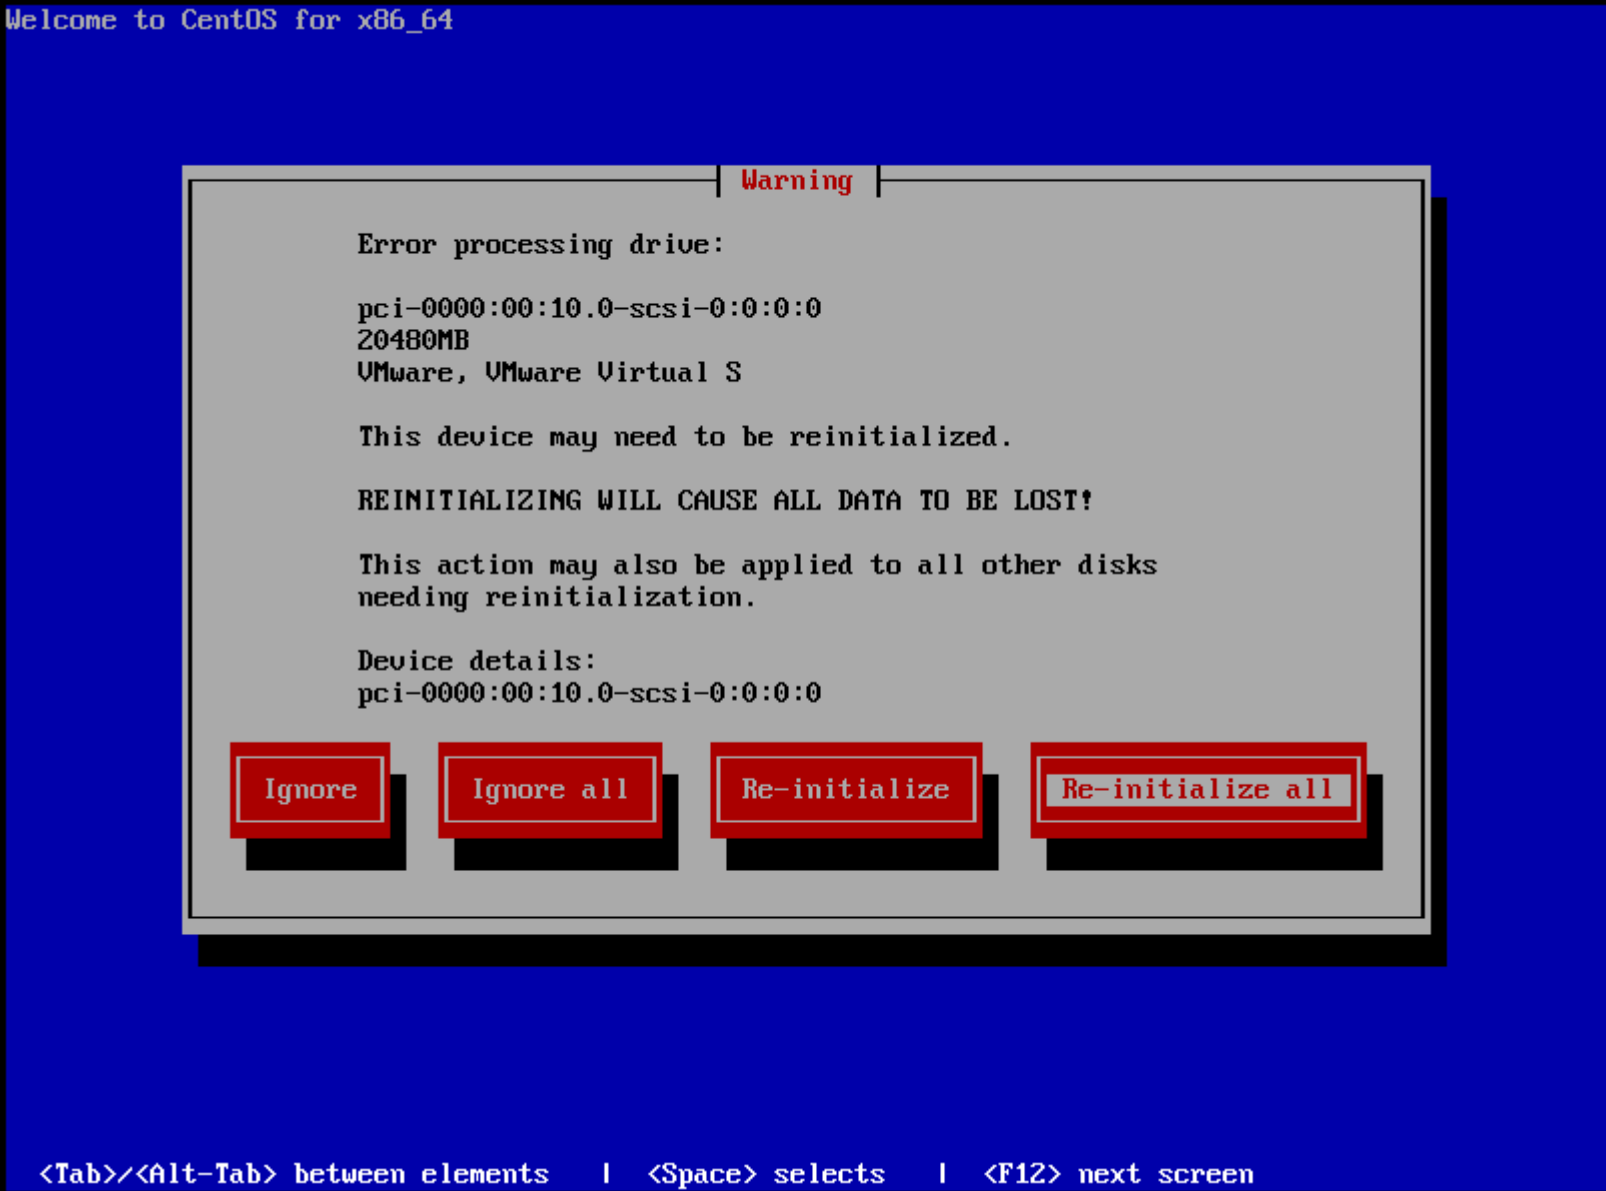

1.5 选择语言

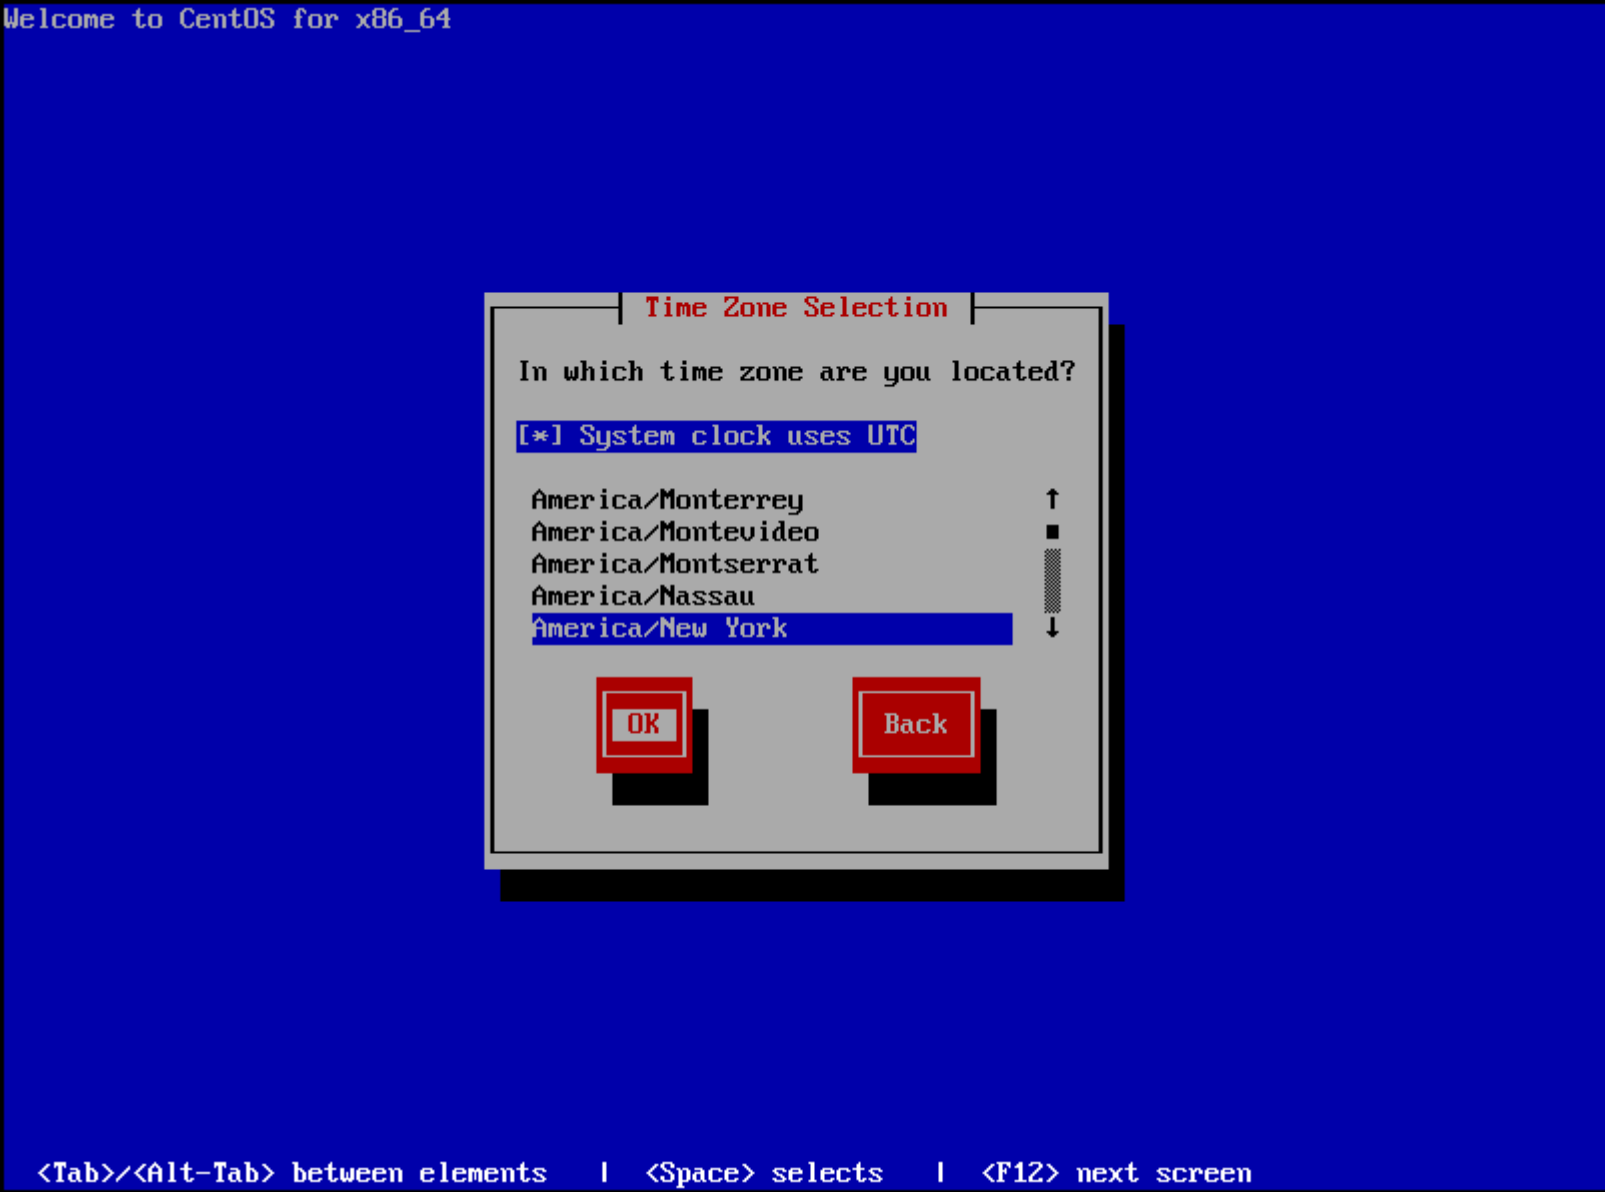

1.6 英文键盘

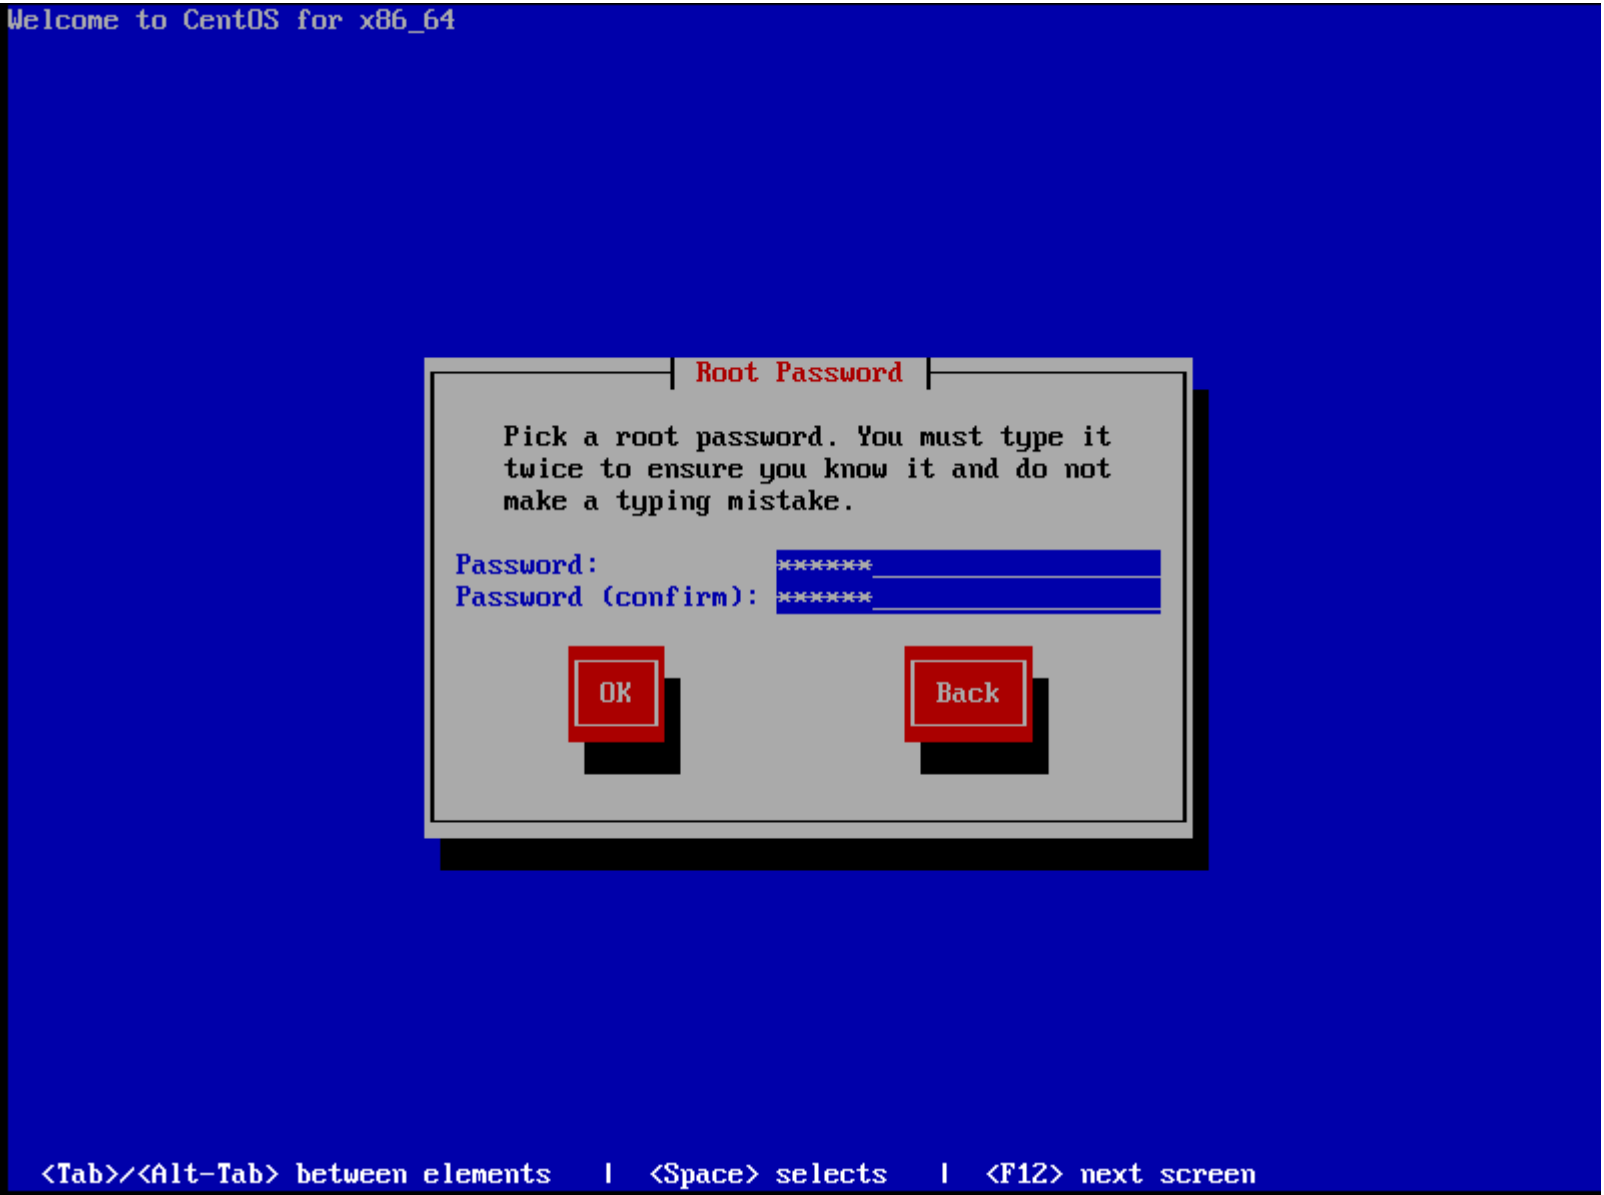

1.7 选择第四个，初始化所有

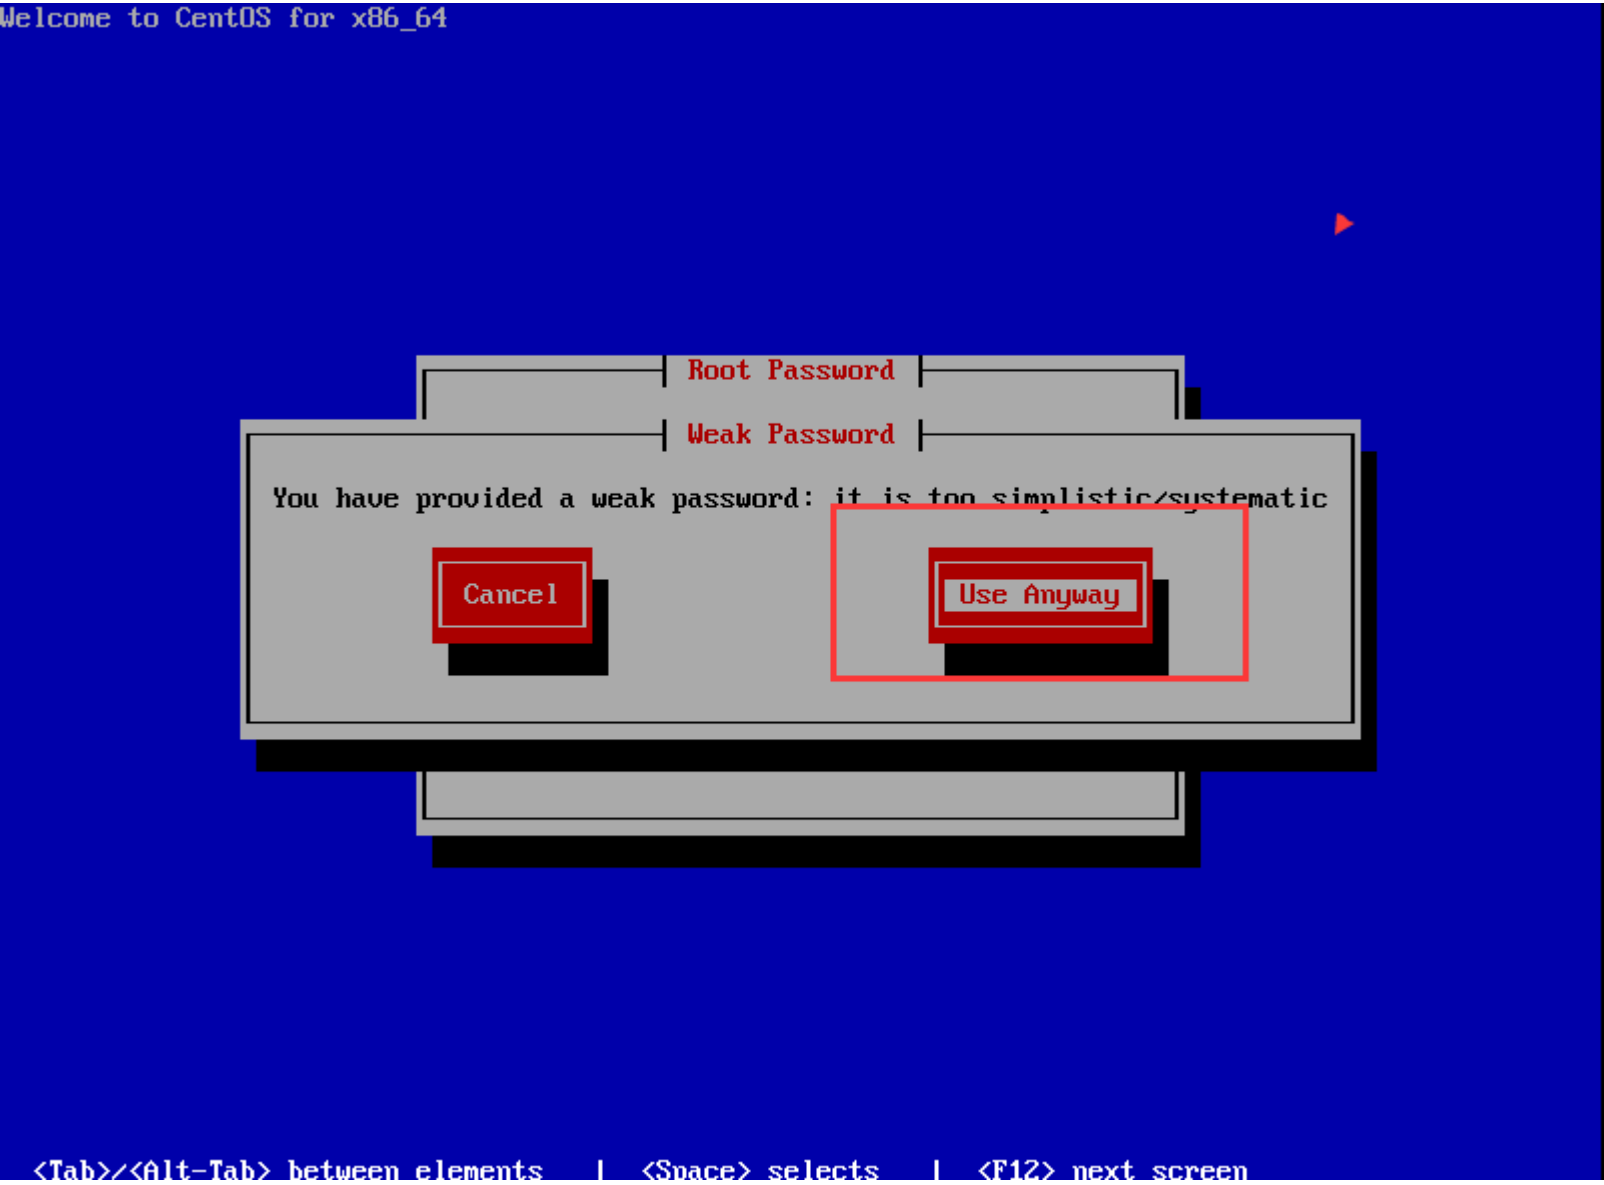

1.8 选择亚洲上海（这里我没选）

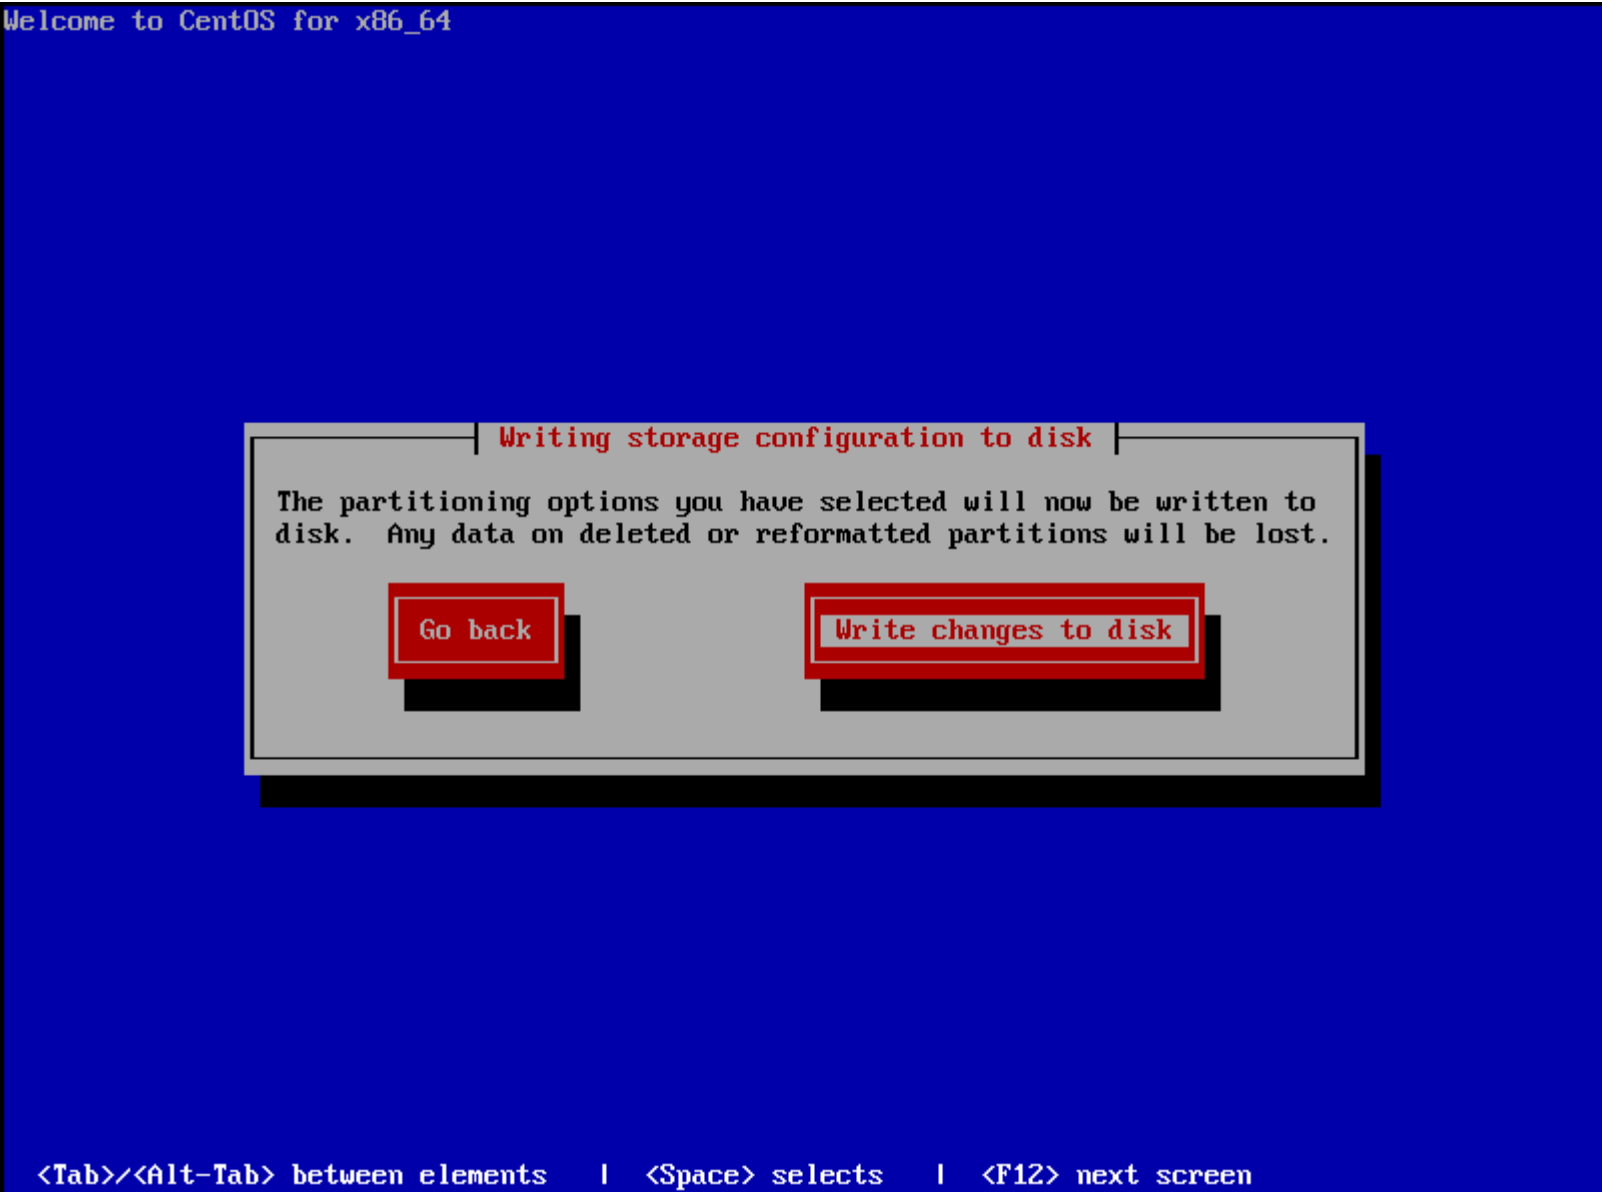

无论如何使用

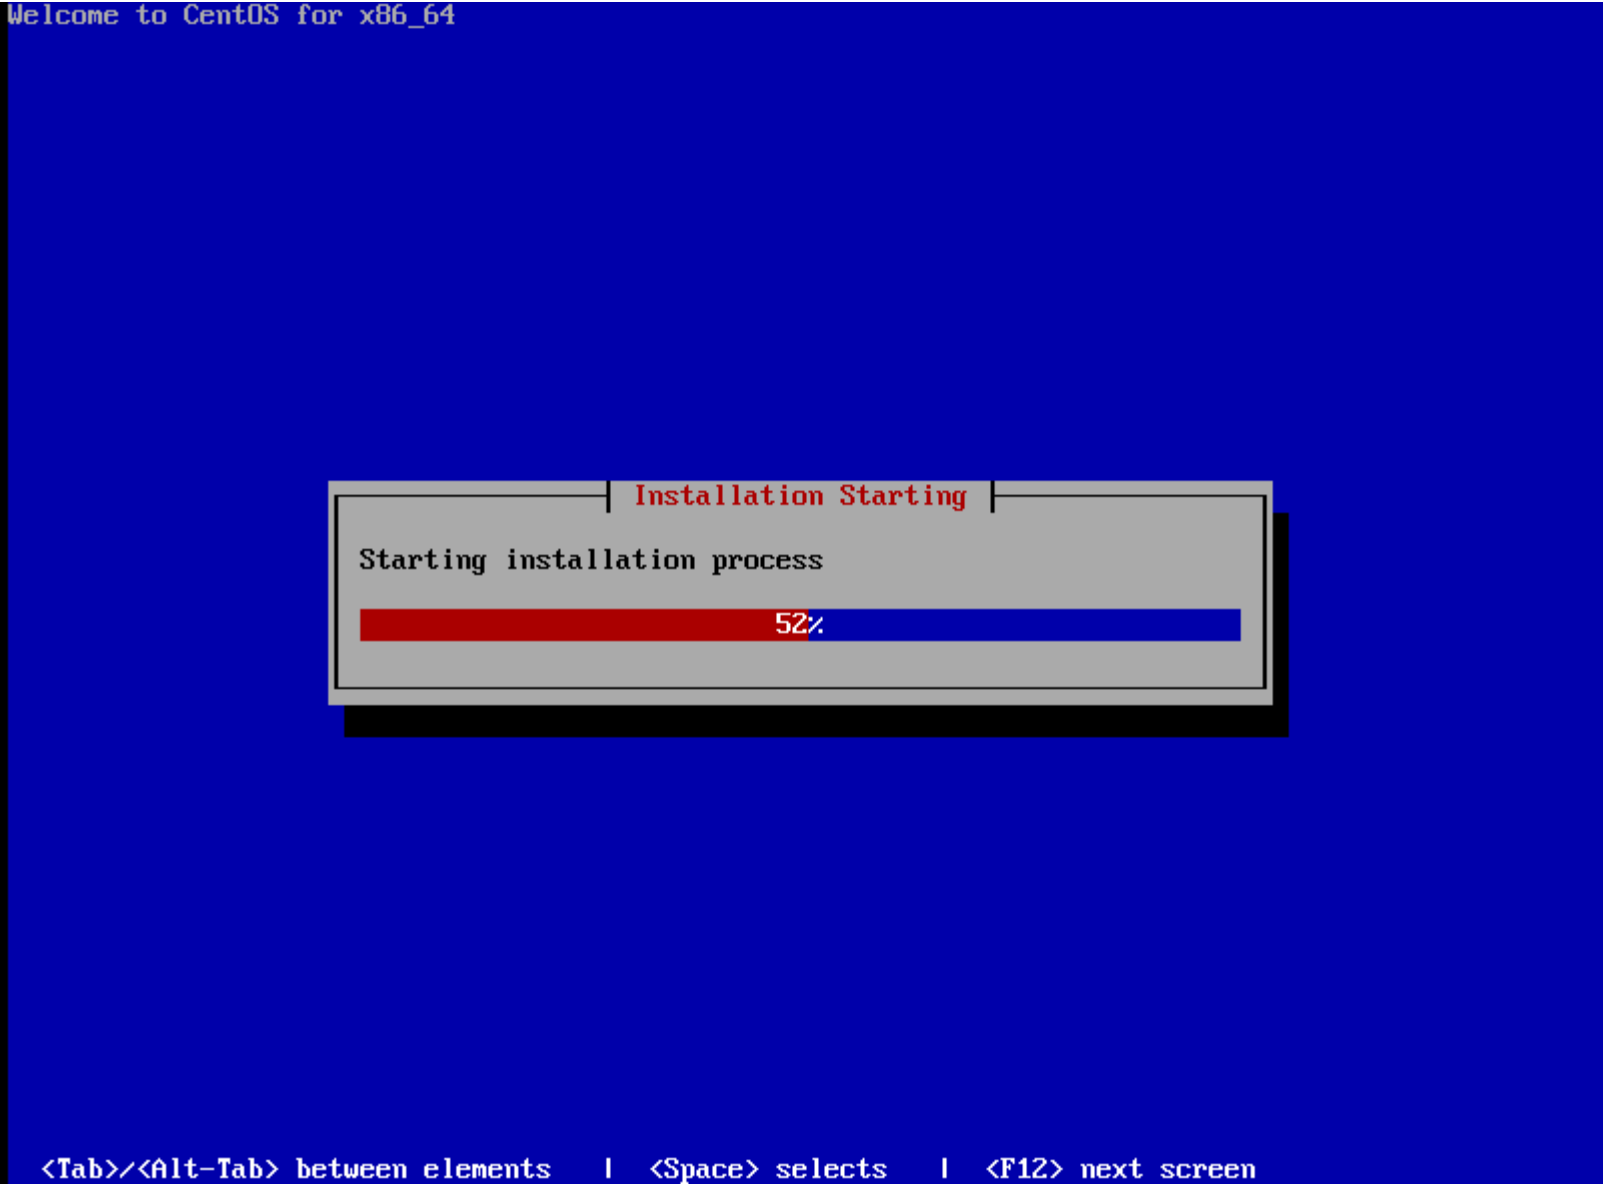

1.10 安装系统到硬盘上选择 OK

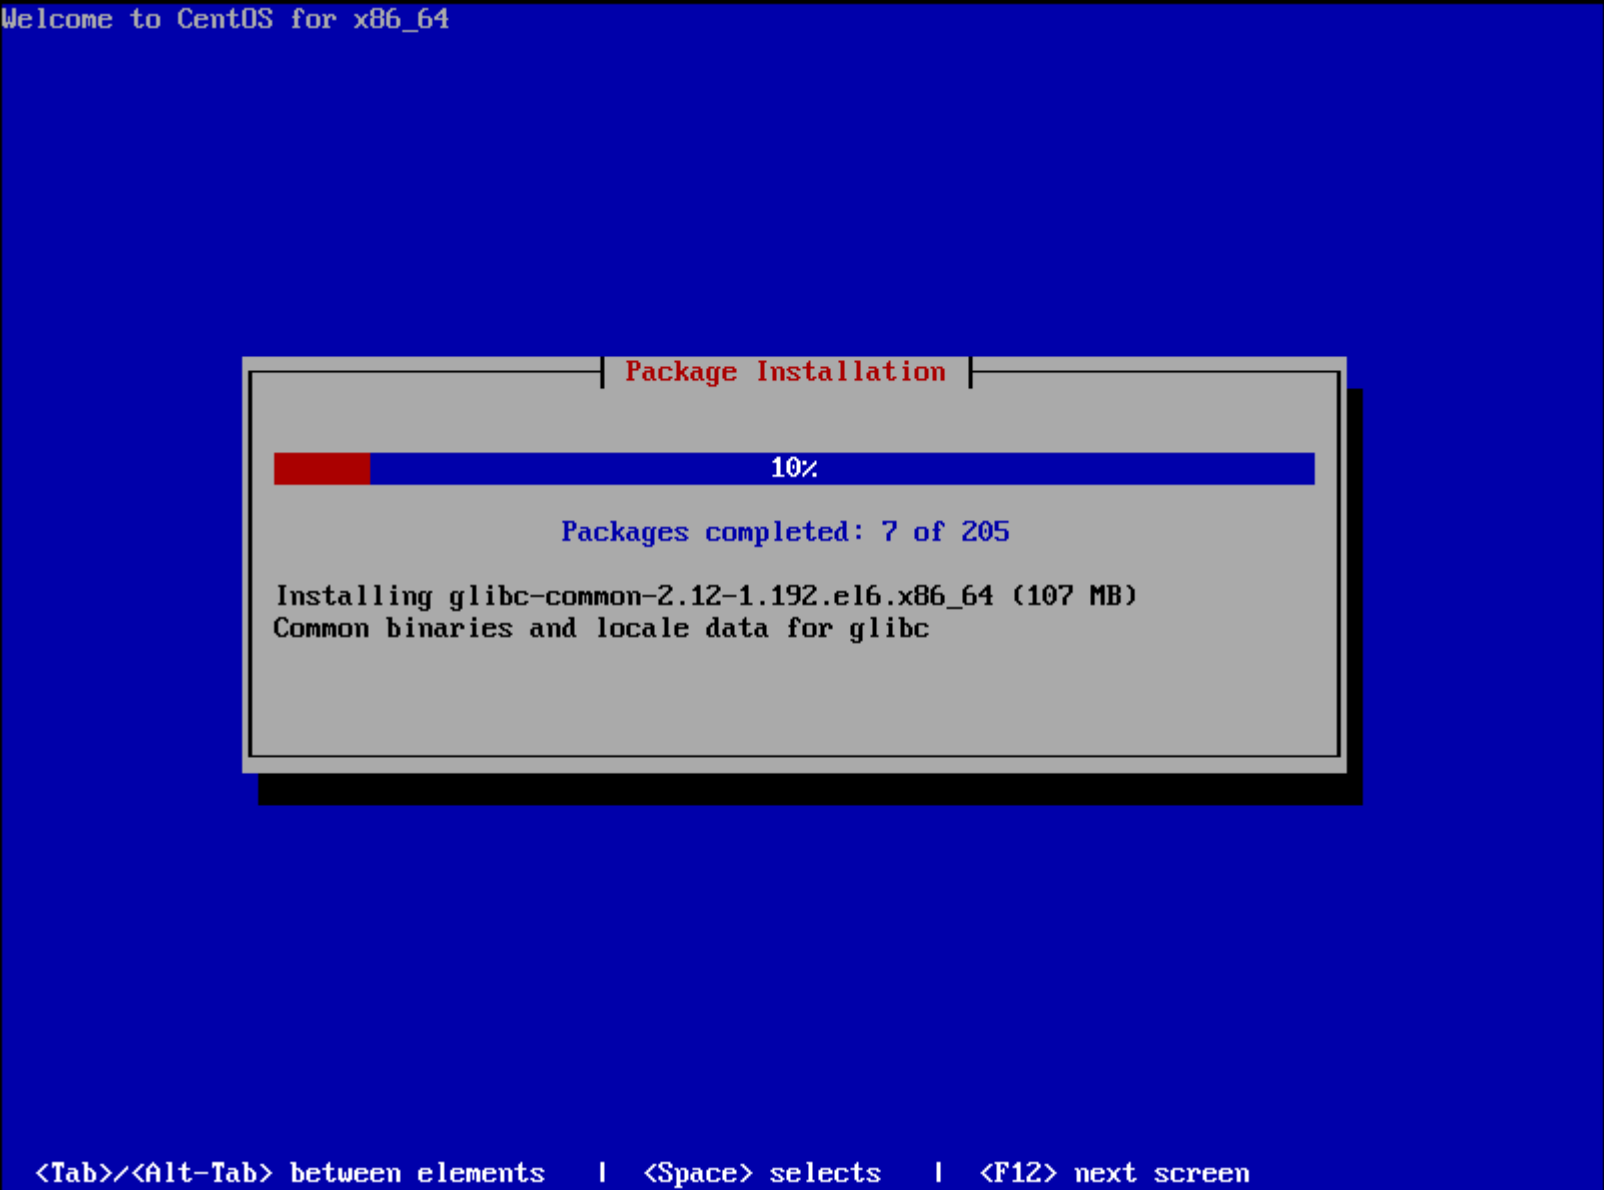

1.11 写入硬盘

1.12 开始写入

1.13 只有 205 个包

1.14 重启系统

Welcome to CentOS for x86_64

Complete

Congratulations, your CentOS installation is complete.

Please reboot to use the installed system. Note that updates may be available to ensure the proper functioning of your system and installation of these updates is recommended after the reboot.

Reboot

<Enter> to exit

CentOS release 6.8 (Final)
Kernel 2.6.32-642.el6.x86_64 on an x86_64

localhost login:
